

INTERVIEW

Megha Satish Lohar

PRN – 210544254032

CCPP- PE0078

- | | |
|---|-------------------|
| 1) CDAC PUNE | 01/10/2021 |
| Aptitude - not selected for interview | |
| 2) Western Digital | 05/10/2021 |
| Aptitude - not selected for interview | |
| 3) Micron Technology Operations India | 07/10/2021 |
| Aptitude | |
| Interview (08/10/2021) | |
| Interview Job Profile Related to Testing | |
| Diode, IGBT, MOSFET, MOSFET Region, Project last year, CDAC project, XOR gate, CMOS, PMOS, Inverter circuit, FPGA, Ultrasonic sensor working, OOPs language. | |
| 4) Innominds Software Pvt Ltd | 09/10/2021 |
| Aptitude - not selected for interview | |
| 5) Mavenir Systems India Pvt Ltd | 09/10/2021 |
| Aptitude | |
| Interview (11/10/2021) | |
| They ask c programs output, programs are related to static, extern, string. | |
| They ask static variables, static keyword, volatile, operators in c, oops concept. | |
| Modulation, AM modulation, sampling theorem, Shannon Hartley theorem, error detection method, Bandwidth. | |
| 6) Knorr-Bremse Technology Center India Private Limited | 10/10/2021 |
| Aptitude | |
| Interview | |
| Personal Introduction | |
| Dangling pointer, structure and object difference, ternary operators have how many operators, static, volatile, difference between actual parameters and formal parameters. | |

7) Honeywell

10/10/2021

Aptitude

Interview (12/10/2021)

Introduction

Project last year

All module

What is embedded system?

Difference between general purpose operating system and embedded system.

Importance of embedded system?

Difference between microprocessor and microcontroller.

Working in previous company.

What is RTOS?

All basic questions related to c.

Snippet questions in c.

8) KPIT Technologies Ltd

13/10/2021

Interview

Introduction

What is embedded system?

Difference between general purpose operating system and embedded system.

Importance of embedded system?

Difference between microprocessor and microcontroller.

Bitfield

What is MATLAB and Simulink?

What is fan in and fan out?

Difference between constant and coefficient?

Difference between critical section and mutex?

What is named pipe?

What is thread?

Loops in MATLAB?

Difference between structure and union in c? where it is used?

What is watchdog timer?

Difference between Von-Neuman and Harvard architecture?

Difference between RISC and CISC?
What is hard and soft real time operating system?
What is rate monotonic algorithm?
In 8085 microcontrollers, what do you mean by 8 bits?
Difference between signed and unsigned integer.
Difference between task and thread?
What is PROC file system?
What is stored in interrupt vector table?
What is volatile keyword in c?
What is Karnaugh map (k-map)?
What is big endian, and little endian?
What is spinlock?
What are the advantages of using register variables?
What do you mean by instruction pipeline?
What is compiler?
What is linker?
What is assembler?
Types of linear and non-linear data structure?
Difference between array and linked list?
Real example of linked list? Where linked list is used?
Which is better linear search or binary search?
What is stack explain? What is stack with example?
When should we use linked list?
What is program counter explain example?
What is an address bus?
What is a data bus?
Definition of bus?
What is zombie process?
Can we use in header file as interrupt.h?

9) HP

20/10/2021

Interview:

1. What is difference between malloc() and calloc()?
2. C program to get toggle case of a character string?

3. What is the interrupt?
 4. What is the memory layout of C program?
 5. What is device driver with example?
 6. Difference between GPOS and RTOS?
 7. Project related all question?
 8. Write a program C Program to Swap two Numbers using Bitwise operators
 9. What is bit field?
 10. Write a program of singly linear linked list?
 11. What is bit field concept in c?
 12. How to deallocate memory without using free() in C?
 13. What is rate monotonic algorithm?
 14. Project source code.
-

10. Emerson Innovation Centre

22/10/2021

1. What is ADC?
2. ADC resolution?
3. Difference between microprocessor and microcontroller?
4. What is storage classes in c?
5. Data types ranges like int, char, signed char, unsigned char, signed int, unsigned int.
6. Difference between IPC and SPI
7. C program related to static storage class?
8. What is 8-bit, 16-bit, 32-bit microprocessor? Difference.
9. Voltage divider circuit?
10. What is op-amp?
11. Question related to inverting amplifier?
12. Gain formula of op-amp?
13. Dangling pointer in c?
14. Difference between structure and union?
15. Question related to structure and union size and more?
16. How many devices connected to I2C, SPI?
17. Write test cases to check the temperature is lies between 18 to 25 degrees, then it is 18 - 25 then perform some operations like how to increase temperature and decrease temperature?

18. What is difference between malloc() and calloc()?
19. Synchronous and Asynchronous difference?
20. Logic gates.
21. Thermistor.
22. Difference between address bus and data bus.

11. F5 Networks

26/10/2021

Hacker Rank Test.

12. L& T

08/11/2021

Test

13. OYO

10/11/2021

Interview

1. What is Data types in c?
2. What is recursion? Where it is used? And where it is not used?
3. Bit field
4. Difference between structure and union
5. Types of pointers in c?
6. What are storages classes in c? use of storage class?
7. Default value of global?
8. Difference between const and storage keyword in c?
9. Draw diagram of UART, SPI, I2C
10. Disadvantages of UART, SPI, I2C
11. Write a program
 1. Write a function to print the binary of a number using loops
 2. Write a program to replace a character in a local char array
 - Write a function to find and replace
 - Use pass by reference method for function call
12. Write a program to add 1 to 10 numbers in c.
13. char c [10] = "hello";
 char *ptr = &c;
 what is the size of ptr?
14. Question related to bit field.

15. Difference between I2C and SPI.

16. Where SPI protocol is used?

14. Haberwater

11/11/2021

Direct Interviews

1. What are storage classes in c?
 2. What is function pointer?
 3. Difference between structure and union?
 4. Types of Pointers in c?
 5. Write a code of Single linear linked list?
 6. Types of linked list?
 7. Write a code of Doubly circular linked list?
-

15. Embitel Technologies

13/11/2021

Online Test

16. Selec Controls Pvt Ltd

13/11/2021

Online Test

17. Faurecia

15/11/2021

Online Test

18. Atlen Calsoft Labs

13/11/2021

Online Test

19. NSEIT

18/11/2021

Online Test

20. Sensata Technologies

Online Test

15/11/2021

Interview

19/11/2021

- 1) Introduction
- 2) What is IOT?
- 3) Tell me about your strength and weakness?
- 4) Tell me about your CDAC project and last year project?
- 5) What is SDLC?
- 6) Do you know what are test cases in software development?
- 7) Tell me, why c is very important language?
- 8) Features of C?

- 9) Do you know watchdog timer?
 - 10) In your CDAC project what are test cases you used to check your project is working fine?
 - 11) Explain watchdog timer and draw diagram?
 - 12) What is MATLAB and Simulink?
 - 13) Have you heard AUTOSAR?
 - 14) 4-5 questions on induction motor?
 - 15) What is interrupt in microcontroller and types of interrupts?
-

21. CRANE Process Flow Technologies India Pvt Ltd.

Online Test **17/11/2021**

Interview **23/11/2021**

- 1) Introduction
 - 2) CDAC Project
 - 3) Types of sorting in data structure?
 - 4) Explain Insertion sort?
 - 5) What is searching? Explain Binary search?
 - 6) What is array?
 - 6) What is recursion?
 - 7) Write a program to reverse a number in c?
-

22. Magna

Online Test **20/11/2021**

Interview **23/11/2021**

- 1) Introduction
 - 2) What is Operating System?
 - 3) Difference between OS and RTOS?
 - 4) What is Rate monotonic algorithm?
 - 5) Which concept you have learnt in Data structure module?
 - 6) Memory leakage in c?
 - 7) Dynamic memory allocation in c?
 - 8) What are scheduling algorithms?
-

23. Marquardt India Private Limited

Direct Interview

22/11/2021

1. Introduction
2. IOT based smart city project
3. Microcontroller and microprocessor
4. What is compiler? Which compiler is used in microcontroller?
5. Compilation stages in c?
6. What is interrupt?
7. Which peripherals devices are connected to microcontroller?
8. What are data types in c?
9. What is code memory and data memory?
10. Assembly code instruction.
11. What is meant by 32 bit and 64 bits in controller?
12. Write a program of Generation of square wave in 8051 microcontrollers?
13. Difference between float and double in c.
14. Size of int, char, float, short, double data types in c.
15. What is pointer? Size of pointer?
16. Can we connect external timer to microcontroller?
17. Difference between internal timer and external timer?
18. Node MCU ESP8266 internal memory and external memory?
19. What are debugging methods?
20. .obj file contains which code?
21. What is machine code or object?
22. Do calculation, if crystal frequency = 100 Hz, then what is the time period?
23. What is the range of typical Wi-Fi router?
24. What is meant by timing signal?
25. What is meant by long in embedded c?
26. Difference between Von Neumann and Harvard Architecture.
27. Which architecture we used in microcontroller?
28. We write add, sub, mul, branch prediction, jump instruction in assembly, what are they internally do?

29. What is ADC?

24. Softdel Systems Pvt Ltd

24/11/2021

1st Technical Round

- 1) Introduction
- 2) Questions related to IOT Based Smart city Project.
- 3) Difference between structure and union.
- 4) Difference between Static and Dynamic memory allocation.
- 5) What are data types and types in c?
- 6) Size of int, char, float, double.
- 7) what is the output of following code?

```
unsigned char c =250;
```

```
char p = c;
```

```
p = ?
```

what is the output of following code?

```
int a = 10;
```

```
int b = ++a;
```

```
int c = a++;
```

what is the value of a b and c?

- 8) What is pointer and types of pointers in c?
- 9) Difference between microcontroller and microprocessor?
- 10) What is data structure?
- 11) Types of sorting?
- 12) Explain Binary Search algorithm?
- 13) What is type casting in c?
- 14) What are all modules you learn in your CDAC course?
- 15) Compilation flow in c?
- 16) Difference between Von-Neumann and Harvard architecture?
- 17) Difference between I2C and SPI?
- 18) How many devices are connected to I2C and SPI?

2nd Technical Round

- 1) Introduction

- 2) Project of CDAC
- 3) Project of last year engineering
- 4) Rectifier, Inverter, opto-isolator, Regulator, VLSI.
- 5) What is timer IC? Functions of IC555.
- 6) Active Low and Active High Concept.
- 7) Which microcontroller is used in IOT project?
- 8) Specification of NODE MCU ESP8266.
- 9) What are compilation steps in microcontroller?
- 10) Function of loader?
- 11) Which compiler is used in c?
- 12) Difference between RAM and ROM?
- 13) What is Program memory and Data memory?
- 14) What is interrupt?
- 15) Protocols used in project like MQTT
- 16) Connections of sensor and how you check sensor is working fine?
- 17) What is debugging process?
- 18) What is machine code?
- 19) Which IDE is used in your project?
- 20) Font size of your project report. How you make Table contents of your project?

Questions related to Microsoft word.

3rd HR Round

- 1) Introduction
 - 2) About Family.
-
-

Zen tree Lab

Technical Discussion

17/11/2021

- 1) Tell me about yourself.
- 2) What are storage classes in c?
- 3) Difference between malloc and calloc?
- 4) What are scheduling algorithms?
- 5) Explain Round Robin?

- 6) There is total 5 process and time quantum are 1 millisecond. Draw Gantt Chart in notepad.
 - 7) What is sorting?
 - 8) What is searching?
 - 9) Types of searching?
 - 10) Write a program of swapping two variable without using 3rd variable?
 - 11) Write a program of factorial of number using recursion?
 - 12) What is recursion?
 - 13) Difference between microcontroller and microprocessor?
 - 14) Write a pseudo code of Binary Search?
 - 15) Project of CDAC and Last year?
-
-
