

**Sunbeam Institute of Information Technology,
Pune and Karad**

Internet of Things (IoT) Rapid Fire Sheet

Course: DESD

Batch: Sept 2021

Module Name: Internet of Things (IoT)

Rapid Fire Questions

1. What do you mean by IoT? And where it is used.
2. What are the important Components of Internet of Things?
3. Explain different layers of a IoT device. In other words, explain IoT protocol Stack.
4. Explain the basic architecture of IoT network.
5. Explain various communication technologies used in IoT.
6. Explain IoT protocols – REST, MQTT, CoAP.
7. Explain differences between TCP and UDP.
8. Explain Bluetooth Architecture.
9. Give the overview of 5G Technologies.
